

INTERSTATE PASSPORT®

Proposed Language for Student Notification by Campus

Congratulations _____ on achieving a Passport, a significant milestone in your academic pathway in higher education, which recognizes your completion of lower-division general education requirements at [Name of Institution]

By earning a Passport, you have demonstrated average or above proficiency in 63 lower-division general education learning outcomes in nine areas such as written communication, oral communication, quantitative literacy, and working as part of a team {please see xxxx webpage for a complete list of areas and outcomes}. This accomplishment provides you with a foundation for pursuing your more advanced studies and information about the Passport may be helpful in sharing with prospective employers should you seek part-time employment as you continue to progress toward your desired degree.

In addition, [Name of Institution] is a member of the Interstate Passport Network whose members agree to recognize incoming transfer students with Passports as having completed lower-division general education requirements at their institutions as well. Please note that students must apply and be accepted at other network institutions before the Passport would apply and that the Passport does not cover pre-requisites for majors and minors nor state-mandated graduation requirements. For more information about Interstate Passport Network, see interstatepassport.wiche.edu

Thanks for your excellent work and dedication to achieve this milestone that will help you be successful as you complete your remaining degree requirements.
